5TH INTERNATIONAL CONFERENCE OF ASSOCIATION OF RHEUMATOLOGY AND MEDICAL REHABILITATION IN KURDISTAN REGION – IRAQ

19-20th November 2026
Divan Hotel, Erbil-Kurdistan, Iraq

A MESSAGE FROM THE ORGANIZING COMMITTEE

Welcome to Erbil

On behalf of the organizing committee of the conference, we are honored to welcome you to the 5th International Conference of the Association of Rheumatology & Medical Rehabilitation in Kurdistan Region, Iraq, which will be held on 19-20th November 2026 at Divan Hotel, Erbil, Kurdistan, Iraq.

Our scientific committee has crafted an exceptional program, featuring renowned international and national speakers, covering the latest advancements in Rheumatology and related fields, with the participation of famous international speakers, figures, and specialists, along with distinguished national speakers and specialists from Kurdistan and Iraq, providing a lifetime opportunity to share knowledge and experiences. This is your chance to connect, share knowledge, and learn from the best!

But it's not just about the conference - it's about experiencing the warm hospitality of Erbil, a city that embodies diversity, peace, and harmony. Take some time to explore our beautiful city, rich history, and stunning natural surroundings.

The social program of the conference offers you a great chance to meet friends and colleagues locally and internationally.

We're honored to have you here and look forward to making this a memorable event!

PRESIDENT OF THE CONFERENCE

Assist. Prof. Dr. Shwan Kader Media

Program Agenda

Two days of scientific sessions · 19–20 November 2026

PROGRAM AGENDA

Day One

19th November 2026

Sessions One & Two

Registration and Greetings: 7:45 - 9:00

Opening Ceremony and Coffee Break: 10:30-11:30

SESSION ONE — 9:00-10:30

Rheumatic Diseases: New Challenges, New Hope

CHAIRPERSON Dr. Shwan Kader Media, Dr. Dashty Abbas Al-Bustany, Dr. Raghda Isam Saleem

TIME	PRESENTATION	SPEAKER-PRESENTER
9:00-9:15	Difficult-to-treat Rheumatoid Arthritis: What Have We Learned and What Do We Still Need to Learn	Dr. Chiman Hasan Mahmood
9:15-9:30	Immunogenetic Polymorphisms as Determinants of Rheumatoid Arthritis Risk, Severity, and Treatment Response	Dr. Niaz Jawad Albarzinji
9:30-9:45	Emergencies in Rheumatic Diseases: Early Recognition and Multidisciplinary Management	Dr. Nizar Abdulateef
9:45-10:00	Precision in CVD Risk Management in RA	Dr. Raouf Rahim Mirza
10:00-10:20	Shaping the Future of CTD-ILD Management in Kurdistan-Iraq - *Boehringer Ingelheim*	Dr. Aryan Mohamadfatih Jalal
10:20-10:30	PANEL DISCUSSION	
10:30-11:15	OPENING CEREMONY + OSTEOPOROSIS PANEL 20 MINUTES MODERATOR: **Dr. Shwan Qader Media** – President of the Conference PANELISTS: **Dr. Ahmed Abdulbari** – Head of National Iraqi FRAX Project **Dr. Taha Ahmed Qaradaghi** – Consultant Rheumatologist **Dr. Chra Kawa Hawezi** – Senior Specialist in Rheumatology & Medical Rehabilitation	
11:15-11:45	COFFEE BREAK	

SESSION TWO — 11:45-13:00

When Treatment Fails in Spondyloarthritis: Switch, Swap, or Rethink?

CHAIRPERSON Dr. Chalak Qashany, Dr. Hazhar Hussein, Dr. Shorsh Ahmed Mohammed

TIME	PRESENTATION	SPEAKER-PRESENTER
11:45-12:00	Long Term Remission in Gout	Dr. Mohamed Tahir Rasool
12:00-12:15	Immunometabolism in Action: The Impact of Metabolic Syndrome on Biologic Efficacy in PsA	Dr. Chra Kawa Hawezi
12:15-12:35	Unraveling Psoriatic Arthritis & Axial SpA: Pathogenesis, Guidelines, and the Rationale for Simpani - *Johnson & Johnson Innovative Medicine*	Dr. Bilind Hassan Sharaf
12:35-12:55	Simponi in Practice: Clinical Efficacy, Radiographic Inhibition, and Long-Term Persistence in SpA - *Johnson & Johnson Innovative Medicine*	Dr. Bilind Hassan Sharaf
12:55-13:05	PANEL DISCUSSION	
13:00-13:10	GROUP PHOTO	
13:10-14:00	LUNCH BREAK	

SESSION THREE — 14:00-15:30

Lupus Unmasked From Complex Disease to Precision Care

CHAIRPERSON Dr. Shahla Taha Ahmed, Dr. Adnan Obaid Hammadi, Dr. Saadoon Rostam Abdullah

TIME	PRESENTATION	SPEAKER-PRESENTER
14:00-14:15	A Multiple System Presentation of Systemic Lupus	Dr. Lizan Rjgar A. Banaa
14:15-14:30	Pregnancy in Lupus	Dr. Alaa Usama Al Taweel
14:30-14:50	Redefining the SLE Care: Highlighting Burden and the Transformative Role of Biology Treatment - *AstraZeneca*	Dr. Avin Maroof
14:50-15:05	Cinfa Corporate	Dr. Mustafa Abdulsalam Baghdadi
15:05-15:20	Cinfa's Legacy - Quiz Competition	
15:20-15:30	**PANEL DISCUSSION**	
15:30-16:00	**COFEE BREAK**	

SESSION FOUR — 16:00-17:40

UPDATE IN MISCELINOUS RHEUMATIC DISEASES

CHAIRPERSON Dr. Zhala Kakamin Mawlood, Dr. Mohammed Sahmi Ahmed, Dr. Banaz Gardi

TIME	PRESENTATION	SPEAKER-PRESENTER
16:00-16:15	Cancer Associated Myositis	Dr. Ali Jawad Obe - UK
16:15-16:30	ENERDY: Beyond the Dose, Backed by Science - *La Colina*	Dr. Humam Rajaa Mohsin
16:30-16:45	Iraqi National Osteoporotic Fracture Study (INOFRA)	Dr. Ahmed Abdulbari
16:45-17:00	Emerging Paradigm and Therapeutic Targeting in OA Pathophysiology	Dr. Mouataz Shakir Hassan
17:00-17:15	Artificial Intelligence in Rheumatology from Clinical Decision Support to Precision Care	Dr. Hemn Mahmwd Omer Agha
17:15-17:30	Co-occurrence of Griscelli Syndrome, Type 2 and SJIA in a Pediatric Patient: A Case Report	Dr. Ali Falah Alibrahimi
17:30-17:40	**PANEL DISCUSSION**	

SESSION FIVE — 9:00-10:30

Rheumatology Across the Region: Emerging Challenges and Advances in Care

CHAIRPERSON Dr. Honar Othman Kozapanki, Dr. Srusht Abdulkarim Rafiq, Dr. Luqman Omar Ali

TIME	PRESENTATION	SPEAKER-PRESENTER
9:00-9:15	Challenges in Behcet disesease	Dr. Sami Salman
9:15-9:30	Unusual Rheumatic presentation	Dr. Ali Jawad Obe - UK
9:30-9:45	CART Therapy in Rheumatic Diseases	Dr. Mahir Sadullah Saeed
9:45-10:25	Psoriatic Arthritis: From Entheseal Inflammation to Structural Damage – Pathogenesis, Phenotypes and Evidence-Based Management" *- Johnson & Johnson Innovative Medicine*	Dr. Nizar Abdullateef
10:25-10:35	PANEL DISCUSSION	
10:35-11:00	COFFEE BREAK	

SESSION SIX — 11:00-12:10

Advance in Juvenile Rheumatic Diseases

CHAIRPERSON Dr. Samyan Nayyef Abdullah, Dr. Solin Nooruldeen Omar, Dr. Shnow Burhan Hameed

TIME	PRESENTATION	SPEAKER-PRESENTER
11:00-11:15	Current Views on Vasculitis in Children	Dr. Sheelan Fayrouz Aref
11:15-11:30	Janus Kinase Inhibitor for the Treatment of Juvenile Idiopathic Arthritis	Dr. Mustafa Emad Omran Al-Badran
11:30-11:45	Advances in Rheumatological Diagnostics and Personalized Therapy: Integrating Autoantibody Detection, Molecular Technologies, and Pharmacogenetics *- Bio Lab*	Dr. Shukur Wasman Smail - Sweden
11:45-12:00	Juvenile Idiopathic Arthritis: From Treatment Failure to Remission - Challenges and Evidence-Based Solutions	Dr. Dilkhaz Hussein Mohammed
12:00-12:10	PANEL DISCUSSION	
12:10-14:00	LUNCH BREAK/ PRAYER TIMES	

SESSION SEVEN

14:00-15:50

Rheumatology in Focus: Diverse Topics, New Perspectives

CHAIRPERSON **Dr. Mahdi Khaled Qadir, Dr. Elaf Kamal Abdulwahab, Dr. Kharman Ramzi Mohammed**

TIME	PRESENTATION	SPEAKER-PRESENTER
14:00-14:15	Preclinical RA: How to Halt its Progression?	**Dr. Faez Ibrahim Abdullah**
14:15-14:30	Atlanto Axial Subluxation	**Dr. Omed Mohammed Hussein**
14:30-14:45	Beyond MRI: A Diagnostic Odyssey from Suspected Radiculopathy to hereditary Myopathy	**Dr. Fahad Abdulwahab Jameel**
14:45-15:00	Beyond Conventional Immunosuppression: A Challenging Case of Juvenile Dermatomyositis	**Dr. Mohammed Ghanim Alhamdany**
15:00-15:15	When Sacroiliitis Is Not What It Seems: A Diagnostic Challenge.	**Dr. Ahmed Kamel Hadi**
15:15-15:25	Orthosis: Current and its Future in Kurdistan	**Dr. Zekra Ali Aziz**
15:25-15:35	**PANEL DISCUSSION**	

15:35-15:50

Awards Recognition Ceremony for Sponsors - Closing Remarks

02

Speakers

International and national speakers of the conference

Speakers Profiles

INTERNATIONAL SPEAKERS

Professor Ali Jawad OBE – United Kingdom

MBChB, MSc (Lon) FRCP, FRCPE, FRCPG, DCH, DMedRehab,

Originally from Baghdad, is a consultant rheumatologist at The Royal London Hospital, Barts Health and professor of rheumatology at the William Harvey Research Institute, Queen Mary University of London.

- He has won several research grants investigating the role of cytokines on bone in rheumatoid arthritis.
- His special interest is metabolic bone diseases and Behcet's disease.
- He has published 3 books, chapters in several books and more than 300 articles in learned journals.
- He is MRCP (UK) clinical examiner and external examiner for Imperial College London, and other international medical schools.
- He was appointed OBE (Officer of the Order of the British Empire, civil division) in 2022 New Year Honours List for services to healthcare.
- In March 2022, he was awarded the Royal College of Physicians Medal for services and dedication for the College.

Dr. Shukur Wasman Smail – Sweden

- Postdoctoral Researcher at the Department of Medical Sciences, Uppsala University, Sweden,
- Marketing Manager and Research Unit Member at Bio Lab, Erbil, Iraq.

He has authored and co-authored more than 70 scientific publications in impact-factor journals, Strong research focus on immunogenetics, molecular immunology, inflammatory diseases, and genetic polymorphisms.

Speakers Profiles

NATIONAL SPEAKERS

Prof. Dr. Raouf Rahim Mirza

DMR (London), MPhil (Leeds), FRCP (London)
Professor and Consultant Rheumatologist, Sulaimani

- Graduated from Mosul University in Iraq, Trained in Medical City in Baghdad
- Post-Graduate degree from Royal College of Physicians in London, Leeds University-UK in Rheumatology
- Established and headed the Rheumatology and Rehabilitation division in the department of Health in Sulaimani
- Head of Rheumatology division of Sulaimani Medical College
- Supervised more than 40 students for High Diploma students
- Supervised a number of Master's degree students
- Supervising and training board candidates in Rheumatology and Medical Rehabilitation medicine
- Published more than 80 papers in local, national, and international journals

Assist. Prof. Dr. Mohamed Tahir Rasool

- FRCP Assistant Professor of Rheumatology,
- Supervisor of Duhok Center of post graduate education of rheumatic diseases

Dr. Niaz Jawad Albarzinji

HDRMR, PhD clinical Rheumatology

- Consultant and Assistant Professor of Rheumatic Disease
- Hawler Medical University, College of Medicine,
- Director Erbil center KHCMS

Speakers Profiles

Dr. Chiman Hasan Mahmood

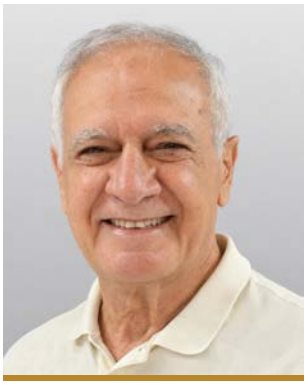

- Consultant Rheumatologist & Physiatrist from Sulaimani Rheumatology & Rehabilitation Center.
- Lecturer at:
- 1-Sulaimani university medical college
- 2- Tishk University physiotherapy college

Prof. Dr. Nizar Abdulateef Jassim, MD

Professor in Internal Medicine & Rheumatology at University of Baghdad, College of Medicine.

- Sr. Consultant at Baghdad Teaching Hospital, Medical City.
- Chairman of the Scientific Council of Internal Medicine & Scientific Committee for Rheumatic Diseases in Iraqi Board for Medical Specializations.
- Founder and President of the Iraqi League for Bone & Joint Health (ILBJH).
- President of the Arab League of Associations for Rheumatology (ArLAR).
- Former President of the Pan Arab Osteoporosis Society (PAOS).
- Member of the International Osteoporosis Foundation (IOF) Board of Trustees.
- He has more than 85 research in the field of Rheumatology, Clinical Immunology, and Osteoporosis

Professor Dr. Sami Salman

MBChB, CES (France), MRCP (Dublin), FRCP (Glasgow)

- Professor in Rheumatology and Internal Medicine in College of Medicine, University of Baghdad.
- Associate Editor of the International Journal of Rheumatology
- Previous Chairman of Education Committee of Asia Pacific League of Rheumatology (APLAR)
- (1st April 2007- April 13, 2011) HOD of Department of Medicine, Oman Medical College,
- Director of Clinical Affairs, and HOD Medicine of Oman Medical College.

Speakers Profiles

Dr. Ahmed Abdulari Omar Al Samarrai

Consultant in Rheumatology & Rehabilitation
Secretary General of Iraqi League for Bone and Joint Health
President of Ihsan Al-Bari Organization for Sustainable Development
International member in Australian Rheumatology Association
Full member in International Society of Clinical Densitometry
Head of the National Iraqi FRAX Project

- He is a Consultant in Rheumatology & Rehabilitation and former manager of the Rheumatology Department at Ibn Sina Training Hospital under the Minister's Office.
- He previously worked at Al Yarmouk Teaching Hospital (2003–2018), where he worked diligently to establish the Osteoporosis Clinic and the National Rheumatology Center.
- He was a lecturer at the Foundation of Technical Education Institute and currently lectures postgraduate doctors in the Board of Medicine/Endocrinology at the National Diabetes Center.

He had an interest in Musculoskeletal ultrasound and has practiced it since 2008. He has multiple certificates from EULAR courses, the Royal College of Radiologists course (London, UK), and the Harvard Medical School course (Boston, USA). He also completed the Professional Diploma of Musculoskeletal and Neuromuscular Ultrasonography, held from December 2024 to October 2025 in Egypt.

He has conducted extensive research in the fields of rheumatology, immunology, and osteoporosis, with many publications in international and local medical journals. His research has been recognized among the top five in the Middle East and Africa, earning him the IOF Young Investigator Award in Dubai (2011) and Amman (2012).

- He has received numerous official commendations from the hospitals where he has worked, as well as from the Minister of Health and the President of Iraq.

Dr. Ahmed Kamel Hadi

MBChB, FIBMS, PhD Rheumatology and Medical Rehabilitation, Lecturer, University of Al-Qadisiyah – College of Medicine, Department of Internal Medicine.

- Senior Rheumatologist at AL -Diwanyiah Teaching Hospital.
- Member of the Iraqi League for Bone & Joint Health

Speakers Profiles

Dr. Alaa Usama Al Taweel

Is a graduate of the College of Medicine at the University of Baghdad and a Board-Certified Specialist in Rheumatology and Medical Rehabilitation. She is a member of the Rheumatology Research Committee and is actively involved in the academic education and clinical training of medical students and rheumatology board trainees. In addition, she is committed to raising public awareness of rheumatic and musculoskeletal diseases through television appearances, social media, and other public health education initiatives.

Dr. Ali Falah Alibrahimi, PhD

Rheumatologist | Lecturer | Medical Researcher

Dr. Ali Falah Alibrahimi is a rheumatologist and lecturer at the University of Baghdad, Al-Kindy College of Medicine, and Senior Rheumatologist at Alkindy teaching Hospital, Baghdad, Iraq. He specializes in rheumatology, musculoskeletal disorders, spinal diseases, and osteoporosis. He holds a EULAR certificate in Musculoskeletal Ultrasound (MSUS) and is a member of the Iraqi Bone and Joint Health Association.

He has authored 8 research papers published in recognized medical journals and has a strong interest in medical academic publishing, clinical research, and medical education, particularly in rheumatology and musculoskeletal ultrasound.

Dr. Aryan Mohamadfatih Jalal

Board Certified rheumatologist

- Lecturer at Kurdistan higher council for medical specialties working at Rizggary teaching hospital
- Member of ACR (American college of rheumatology), British society of rheumatology
- Researcher has 16 publications in international journal with impact factor and scopes
- Per review in international journal

Speakers Profiles

Dr. Avin Maroof

MBChB, HDRMR, MSc (Rheumatology), MSc (Medical Education), FACR, DipBioethics.

Dr. Avin is a senior specialist in Rheumatology and Medical Rehabilitation at Rizgary Teaching Hospital and a lecturer at the University of Kurdistan Hewlêr, Erbil. A PhD candidate and she is an ACR Fellow and member of ASAS, ArLAR–ArCH and EULAR-certified of musculoskeletal Ultrasound, Her work spans peer-reviewed research, international multicenter studies, medical education, and faculty development.

Dr. Bilind Hassan Sharaf

Senior Rheumatologist

- Rheumatologist with 20 years in medicine, including 15 years as a specialist and more than 13 years of hands-on experience with biologic therapies.
- Extensive expertise in inflammatory joint diseases and local joint problems.
- Committed to continuous professional development, medical education, and advancing the field through advisory roles and conference presentations.
- Manager of Duhok specialized center of rheumatic diseases and medical rehabilitation since 2014.
- Vice president of Kurdistan rheumatology association since 2023
- Head of biologic medications committee in Duhok since 2013
- Member of ILBJH

Dr. Chra Kawa Hawezi

- Senior Specialist in Rheumatology and Medical Rehabilitation Rizgary teaching Hospital
- High diploma in Rheumatology and Medical Rehabilitations from Hawler Medical University in 2011.
- Former Head of Rheumatology and Rehabilitation department in Rizgary Teaching Hospital.
- Member of the Iraqi League for Bone and Joint Health.
- Member of Kurdistan association for Rheumatology and medical Rehabilitation
- Member in Osteoporosis group special group in Iraq League for bone and joint health
- Have EULAR certificate of Basic and Intermediate course of MSK U/S.

Speakers Profiles

Dr. Dilkhaz Hussein Mohammed

Specialist Rheumatologist,

- Zakho Emergency Teaching Hospital, Iraq.
- MSc in Rheumatology and Medical Rehabilitation, University of Duhok (2017). Member of the Kurdistan Association of Rheumatology and the Iraqi League of Bone and Joint Health.

Dr. Faez Ibrahim Abdullah

Rheumatologist

- Bachelor of Medicine and General Surgery (1988),
- Higher Diploma in Rheumatology (2003),
- Specialty Certificate in Rheumatology from the Iraqi Board for Health Specialties (2011).
- Rheumatologist at Ibn Sina Teaching Hospital from 2005 to 2024, and at Al Madina Private Hospital from 2024 to the present.
- Completed a training course in joint ultrasound by EULAR and holds a certificate from the International Osteoporosis Foundation IOF in the use of DEXA scans.
- EULAR Membership.
- Trainer of Trainers (TOT) certified.
- He has participated in numerous seminars and conferences both within and outside Iraq as a speaker, session chairman, or participant.

Speakers Profiles

Asst. Prof. Dr. Fahad Abdulwahab Jameel

Assistant Professor in Hematopathology
University of Duhok | Duhok, Iraq
Hematopathologist & Genetic Counselor
AmrLab Medical Laboratories | Duhok, Iraq

Asst. Prof. Dr. Fahad Abdulwahab Jameel is an Assistant Professor in Hematopathology at the University of Duhok and a Hematopathologist and Genetic Counselor at AmrLab Medical Laboratories, Duhok, Iraq. His clinical and academic interests focus on molecular diagnostics, clinical genetics, and the integration of genomic medicine into the investigation of rare and inherited disorders.

His work includes the clinical application and interpretation of advanced genetic investigations, particularly whole-exome sequencing (WES), to help clarify complex diagnoses and support informed counseling for patients and families. He has also completed the University of South Carolina educational program “Genetic Counseling: Career for the Future.”

Through multidisciplinary collaboration, teaching, and scientific presentations, Dr. Jameel aims to bridge conventional diagnostic approaches with emerging genomic technologies, advancing diagnostic precision, personalized patient care, and evidence-based clinical decision-making.

Dr. Hemn Mahmwd Omer Agha

- FIBMS (BAGHDAD) Rheumatology & Rehabilitation 2021
- MRCP (UK) Rheumatology (SCE) 2024
- Lectures at University of Suleimani
- Trainer at Kurdistan board for medical specialties
- Rheumatology Specialist Doctor at Rheumatology Teaching center in Sulaimani

Dr. Humam Rajaa Mohsin

Business Development & Product Manager

Pharmaceutical professional passionate about medical science, scientific marketing, and product development. Focused on translating medical knowledge into effective strategies that improve healthcare outcomes and drive business growth.

Speakers Profiles

Dr. Lizan Rjgar Ahmed Banaa

- Rheumatologist (specialist) in Hawler teaching Hospital
- Rhematologist (Specialist) in Sarwaran Family Healthcare center

Dr. Mahir Sadullah Saeed

MBChB, FKBMS, FKHCMS, FACR

Internist and Subspecialist Rheumatologist | Medical Educator | Clinical Researcher

Dr. Mahir Sadullah Saeed is an Internist and Subspecialist Rheumatologist based in Duhok, Kurdistan Region, Iraq. He holds fellowships in Internal Medicine and Rheumatology from the Kurdistan Board of Medical Specialties and the Kurdistan Higher Council of Medical Specialties, respectively, and is a Fellow of the American College of Rheumatology (FACR).

Dr. Mohammed Ghanim Alhamdany

- MBChB, FIBMS (Rheumatology), MRCP SCE (Rheumatology),
- Board Certified Rheumatologist

Board Certified Specialist Rheumatologist and University Lecturer with expertise in diagnosing and managing complex autoimmune rheumatic diseases (RA, SLE, Vasculitis). Experienced in tertiary patient care, diagnostic procedures, and medical education.

- Specialist Rheumatologist | Ibn Sina Teaching Hospital (2022 – Present)
- Lecturer | College of Medicine, University of Mosul (2022 – Present)

Speakers Profiles

Dr. Mouataz Shakir Hassan

- PhD ADHD Novel Therapeutic Strategy/ USM
- MSc Preventive Cardiology/UK;
- MBA; MONE Strategic Leadership/ France.
- Independent Pain Management Researcher

Dr. Mustafa A. Baghdadi

Clinical Pharmacist, Pharmaceutical Product Manager, Certified Trainer

Mustafa Abdulsalam Baghdadi is an Iraqi clinical pharmacist and pharmaceutical product manager whose career spans hospital and primary-care practice, academic teaching, and pharmaceutical marketing. A top three graduate of the College of Pharmacy at Al-Nahrain University and a Master's candidate in Clinical Pharmacy at the University of Baghdad, he currently serves as Product Manager at HiGen Group Iraq, leading the Cinfa portfolio across cardiovascular, CNS, antibiotic and pain-management therapies. A certified trainer and member of the General Syndicate of Iraqi Trainers, he has delivered more than 440 hours of coaching and 150 hours of training to over 80 pharmaceutical professionals.

Dr. Mustafa Emad Omran Al-Badran

Internist and Rheumatologist

- Iraqi Board Certification (Fellowship): Sub-specialty in Rheumatology
- Arab Board Certification in Internal Medicine
- Lecturer and administrator at Al-Zahra Medical Colleges, General Internal Medicine Department, University of Basrah, Iraq

Dr. Al-Badran has given several lectures, primarily at the University of Basrah and Al-Zahra Medical College, on different medical subjects such as Rheumatology, Endocrinology, and Respiratory Medicine, among others.

- Dr. Al-Badran has authored or co-authored several publications in many medical and public educational journals.
- Dr. Al-Badran has participated in and presented at various scientific activities and conferences, serving as a keynote speaker at many local and international conferences.

Participant in Society of Kurdistan Rheumatology and Rehabilitation, multiple seminars and Education conferences on Rheumatological and Musculoskeletal diseases in KRG cities, and in Iraqi League for Bone and Joint Health conferences on Rheumatological diseases (Baghdad and Erbil)

Speakers Profiles

Dr. Omed Mohammed Hussein

MBChB, FKHCMS (Rheumatology)

- Extensive clinical experience across internal medicine, surgery, pediatrics, obstetrics & gynecology, and dedicated rheumatology practice in both teaching hospitals and primary care settings.
- Active member of professional medical societies with a commitment to continuing medical education, research publication, and high-quality patient care.
- Rheumatologist in Shahid Tofiq General Hospital & Penjwin Martyrs General Hospital – Rheumatology and Rehabilitation Center, Darbandikhan-Sulaimani

Dr. Sheelan Fayrouz Aref

- Board certified rheumatologist and medical rehabilitation
- MBCHB, FKHCMS
- Rheumatologist in Rizgari Teaching Hospital /Erbil
- Serving as member of the rheumatology teaching faculty in Kurdistan Higher Council for medical Specialties KHCMS/Erbil center.

Speakers Profiles

Dr. Zekra Ali Aziz

Lecturer and Head of the Prosthetics and Orthotics Department at the Technical Health and Medical College, Erbil Polytechnic University (EPU), she transitioned from the Ministry of Health to higher education in 2010. She holds a Doctorate in Rheumatology from the Kurdistan Board of Medical Specialties 2022, a Higher Diploma in Rheumatology and Medical Rehabilitation from Hawler Medical University 2009, an MBChB from Salahuddin University 2000, and a Diploma in Bioethics and Applied Ethics from the University of Porto. Dr. Aziz serves as Head of the Prosthetics and Orthotics Committee at the Kurdistan Ministry of Health and as a member of the Higher Committee for Prosthetics and Orthotics at the Iraqi Ministry of Health. She has several years of academic and administrative experience; she has served as Head of the Physiotherapy Department and taught various medical and specialized academic courses. She has published research on rheumatology, medical rehabilitation, and prosthetic-orthotic care and is an active member of both the International Society for Prosthetics and Orthotics (ISPO) and the United Arab Society of Prosthetics and Orthotics (UASPO). Additionally, she has actively participated in various national and international conferences.

Dr. Zeyad Tareq Kareem, MD

Senior Specialist in Rheumatology & Medical Rehabilitation

- Working at Al Imam Al-Sadiq Teaching Hospital and Merjan Teaching Hospital.
- Advanced Certified in Musculoskeletal Ultrasound.
- Certificate of Specialty in Rheumatic Diseases and Rehabilitation - Iraqi Ministry of Health
- Member of the American College of Rheumatology (ACR) Member of the International Osteoporosis Foundation (IOF), member of EULAR.

DAY 1

Musculoskeletal Ultrasound

WORKSHOP

19 November 2026

2:30 – 5:30 PM

Theoretical Sessions

2:30 – 3:30 PM (60 minutes)

2:30 – 2:45
15 minutes

Introduction to MSK Ultrasound

Dr. Zeyad Tareq

- Basic principles
- Clinical applications
- Probe selection

2:45 – 3:00
15 minutes

MSK Ultrasound Fundamentals & Sonoanatomy

Dr. Avin Maroof

- Basic machine settings
- Normal tissue appearance
- Basic artifacts & anisotropy

3:00 – 3:15
15 minutes

Shoulder Ultrasound

Dr. Shwan Kader

- Basic scanning approach
- Key anatomical landmarks
- Dynamic assessment

3:15 – 3:30
15 minutes

Wrist & Hand Ultrasound

Dr. Chra Hawezi

- Wrist joint
- Flexor & extensor tendons
- Carpal tunnel & median nerve
- MCP/PIP joints

3:30 – 3:45 PM
15 minutes

Coffee & Transition Break

3:45 – 4:05 PM
Dr. Zeyad Tareq
20 minutes

Live Demonstration – For All Participants

- MSK Ultrasound Fundamentals & Normal Sonoanatomy
- Machine optimization (depth, gain, focus, frequency)
- Probe orientation and movements
- Identification of tendon, muscle, nerve, artery, vein, bone and joint
- Anisotropy and image optimization

DAY 1

Musculoskeletal Ultrasound

WORKSHOP

19 November 2026

2:30 – 5:30 PM

Hands-on Training

4:05 – 5:30 PM (85 minutes)

4 Rotating Stations | 20 minutes each station | 5 minutes transition between stations

1 MSK Ultrasound Fundamentals & Sonoanatomy

Dr. Avin Maroof

20 minutes

- Machine settings & optimization
- Probe orientation and movements
- Tissue identification (tendon, muscle, nerve, artery, vein, bone, joint)
- Artifacts and anisotropy

2 Shoulder Ultrasound

Dr. Shwan Kader

20 minutes

- Long head of biceps
- Subscapularis
- Supraspinatus
- Infraspinatus
- SASD bursa
- AC joint
- Dynamic assessment

3 Wrist & Hand Ultrasound

Dr. Chra Hawezi

20 minutes

- Radiocarpal joint
- Flexor & extensor tendons
- Extensor compartments
- Carpal tunnel & median nerve
- MCP/PIP joints

4 Ultrasound-Guided Needle Visualization & Targeting

Dr. Zeyad Tareq

20 minutes

- Needle-probe orientation
- Flexor & extensor tendons
- Out-of-plane technique
- Needle-tip visualization
- Hand-eye coordination
- Reaching a target under ultrasound guidance
- Practice on meat/liver model

DAY 2

Musculoskeletal Ultrasound

WORKSHOP

20 November 2026

9:00 AM – 12:00 PM

Theoretical Sessions

9:00 – 10:00 AM (60 minutes)

9:00 – 9:15
15 minutes

Elbow Ultrasound

Dr. Chra Hawezi

- Basic scanning approach
- Key anatomical landmarks
- Common extensor & flexor tendons
- Ulnar nerve
- Common pathologies

9:15 – 9:30
15 minutes

Knee Ultrasound

Dr. Shwan Kader

- Basic scanning approach
- Anterior & posterior anatomy
- Suprapatellar recess
- Normal anatomy and variants
- Common pathological findings

9:30 – 9:45
15 minutes

Ankle & Foot Ultrasound

Dr. Avin Maroof

- Basic scanning approach
- Key anatomical landmarks
- Tendons, ligaments and joints
- Plantar fascia
- Common pathologies

9:45 – 10:00
15 minutes

Power Doppler Ultrasound in Rheumatology

Dr. Zeyad Tareq

- Principles and basic settings
- Doppler optimization
- Assessment of synovitis
- Scoring systems
- Clinical applications in RA, SpA, and other rheumatic diseases

10:00 – 10:15 AM
15 minutes

Coffee & Transition Break

DAY 2

Musculoskeletal Ultrasound

WORKSHOP

20 November 2026

9:00 AM – 12:00 PM

Hands-on Training

10:15 AM – 12:00 PM (105 minutes)

4 Rotating Stations | 25 minutes each station | 5 minutes transition between stations

1 Elbow Ultrasound

Dr. Chra Hawezi

25 minutes

- Anterior elbow
- Common extensor tendon
- Common flexor tendon
- Distal biceps tendon
- Ulnar nerve
- Radiohumeral / radiocapitellar joint

2 Anterior Knee Ultrasound

Dr. Shwan Kader

25 minutes

- Quadriceps tendon
- Suprapatellar recess
- Patellal & trochlear cartilage
- Patellar tendon
- Medial & lateral joint lines

3 Posterior Knee Ultrasound

Dr. Zeyad Tareq

25 minutes

- Popliteal fossa anatomy
- Popliteal artery & vein
- Tibial nerve
- Medial gastronemiius
- Semimembranous tendon
- Baker’s cyst region

4 Ankle & Foot Ultrasound

Dr. Avin Maroof

25 minutes

- Anterior ankle
- Medial and lateral ankle
- ATFL & CFL
- Peroneal tendons
- Achilles tendon
- Plantar fascia

FMS Care™

FMS by Iskra Medical uses functional magnetic stimulation to support physiotherapy and rehabilitation as well as pelvic floor and sexual health.

Radial shock wave mp200 storz

The STORZ SD1 T-TOP uses focused shock waves to improve circulation and help treat vascular erectile dysfunction while relieving chronic pelvic pain and Peyronie's related pain.

ilux plus

The iLux Plus uses laser and thermal therapy to relieve pain and reduce inflammation and promote tissue healing while supporting recovery from sports injuries and surgery.

Eblal
Healthcare

Doctor Tecat

Doctor Tecar Plus uses radiofrequency therapy to relieve pain and reduce inflammation while improving circulation and supporting tissue recovery.

Focused shock wave

Storz Medical Shockwave uses acoustic waves to relieve pain and treat tendon conditions and calcifications while supporting recovery from sports and musculoskeletal injuries.

Tesla Former

Tesla Former uses magnetic stimulation to strengthen muscles and improve body contour while supporting pelvic floor health and postpartum recovery.

Eblal Healthcare

Chelt Therapy

CHELT Therapy combines cryotherapy and laser with thermal treatment to relieve pain and reduce inflammation while supporting tissue healing and sports recovery.

Ixyon Xp

IXYON XP uses LAPI laser technology to help relieve pain and promote tissue healing while supporting rehabilitation and recovery.

ORGANON

THE POWER TO MOVE YOU

For Healthcare Professional Only

Dosing:[1]

OA Osteoarthritis		60 mg once daily
AS Ankylosing Spondylitis		60 mg once daily, or 90 mg once daily
RA Rheumatoid Arthritis		
DP Post-Operative Dental Pain		90 mg once daily
GA Acute Gouty Arthritis		120 mg once daily

* The recommended dose for RA and AS is 60 mg. In some patients with poor relief from symptoms, an increased dose of 90 mg once daily may increase efficacy. Once the patient is clinically stabilized, down titration to a 60 mg once daily dose may be appropriate.

Genetic Biomarkers of Rheumatic Diseases: Susceptibility, Prognosis, and Risk Stratification

Genetic Susceptibility
(Disease Risk)

Prognosis
(Disease Course, Severity & Progression)

Risk Stratification
(Better Clinical Decision-Making)

HLA Typing in Rheumatology

HLA-B27
Axial Spondyloarthritis (SpA)
Major susceptibility marker.
Useful for early diagnosis and prognosis (e.g., radiographic progression).

HLA-B51
Behçet Disease
Genetic susceptibility marker.
Associated with more severe and recurrent disease.

HLA-B52
Takayasu Arteritis
Reported susceptibility marker, especially in Asian populations.
May be associated with disease severity.

HLA-DRB1 (Shared Epitope)
Rheumatoid Arthritis (RA)
Strong genetic association with increased disease risk and more aggressive/erose course.

The Laboratory Blueprint: A Modular Genetic Workflow

Precision Medicine & Pharmacogenetics

Genetics-guided drug selection, dosing, and treatment optimization

Supporting safer and more effective therapy through individualized genetic insights

CLINICAL EXAMPLE

HLA-B*58:01 is strongly associated with **allopurinol-** induced severe cutaneous adverse reactions (SCARs), including Stevens-Johnson syndrome (SJS) and toxic epidermal necrolysis (TEN)

The association with **azathioprine** is much less established; azathioprine toxicity is more commonly linked to ***TPMT*** and ***NUDT15*** varants rather than **HLA-B*58:01.**

Pharmacogenetic Testing Platform

RT-PCR (QPCR)
(Targeted Genotyping)

Sanger Sequencing
Sequence Confirmation

NGS
Comprehensive variant analysis

Administering the right drug at the right dose based on the patient's genetic profile

Committed To Quality
AWAMEDICA®

The Promise of Quality *in Every Medicine*

About Us

Founded in 2009, Awamedica is a Class A pharmaceutical manufacturing company headquartered in Erbil, Iraq. With a mission to improve healthcare accessibility and quality across Iraq and the MENA region, Awamedica combines scientific innovation, ethical practices, and modern manufacturing capabilities to deliver trusted medicines.

Our Commitment

- International Standards: Fully compliant with cGMP, ISO 9001, and ISO 14001 certifications.
- State-of-the-Art Facilities: Advanced plant in Erbil producing tablets, capsules, syrups, and semi-solids.
- Quality First: Every product undergoes rigorous testing to ensure safety, efficacy, and reliability.

Our Portfolio

Over 170 products across major therapeutic areas, addressing critical healthcare needs:

- Cardiology
- Diabetes & Metabolic Disorders
- Pain Management & Inflammation
- Infections & Antibiotics
- Hematology & Blood Disorders
- Respiratory Diseases & Allergies
- Dermatology
- Central Nervous System (CNS)
- Musculoskeletal Disorders
- Systemic Hormonal Preparations

Why Awamedica?

- Trusted by Physicians: Consistently supporting healthcare professionals with reliable therapies.
- Affordable Medicines: Focus on accessibility without compromising quality.
- Innovation-Driven: In-house formulation & development to meet local and regional needs.
- Sustainability: Commitment to environmentally responsible practices.

Vision for a Healthier Future

Awamedica aims to be the leading regional medicine provider, empowering communities with affordable, high-quality pharmaceuticals and supporting healthcare professionals in improving patient outcomes.

Quality You Can Trust. Care You Can See

About Our Company

GoPharm is a pharmaceutical company serving doctors, pharmacies and patients across Iraq and the Kurdistan Region. Our goal is simple: to make trusted, high-quality healthcare products available to the people who need them.

With medical teams in Duhok, Erbil, Sulaymaniyah, Mosul and Kirkuk, we work directly with healthcare professionals every day, providing clear scientific information and reliable product support.

Our portfolio covers women's health, men's health, joint care, vitamins and nutritional supplements, helping doctors offer better options to their patients at every stage of life.

Industry

Pharmaceutical & Healthcare

Founded

2016

Our Mission: To improve patients' quality of life by providing reliable, high-quality products and supporting healthcare professionals with scientific knowledge.

Our Vision: To be the most trusted healthcare partner for doctors and pharmacies in Iraq.

Our Values: Quality • Integrity • Science • Partnership • Patient Care

Our Products

GoPharm's rheumatology portfolio integrates preferential COX-2 inhibition and centrally acting myorelaxation with chondroprotective, neurotropic and topical adjunctive agents, providing a multimodal approach to the management of musculoskeletal disorders.

Vital Cure
Rapid Recovery Formula

MADE IN HUNGARY

Bromelain, a proteolytic enzyme, with Arnica montana extract and vitamin C, formulated to support the natural inflammatory response and help reduce swelling, edema and bruising after trauma or surgery.

FLIXA

MADE IN ITALY

A comprehensive oral joint formula combining glucosamine HCl 1500 mg, chondroitin sulphate 600 mg, MSM 400 mg, undenatured type II collagen (UC-II) 40 mg and bromelain 50 mg, with calcium phosphate 600 mg and vitamin D3 800 IU, to support cartilage and joint health.

Mio Virobrón
Meloxicam - Pridinol

MADE IN ARGENTINA

A fixed-dose combination of meloxicam, a preferential COX-2 inhibitor, and pridinol, a centrally acting muscle relaxant, targeting both inflammatory pain and associated muscle spasm in musculoskeletal disorders.

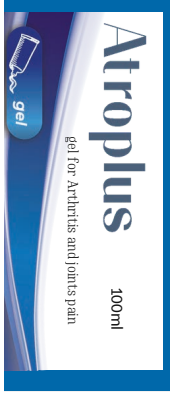

Benfoplex Tablets

MADE IN HUNGARY

A neurotropic formula of benfotiamine (lipid-soluble vitamin B1), pyridoxine (B6) and cyanocobalamin (B12), with vitamin C and biotin, providing nutritional support for peripheral nerve function, relevant to patients with neuropathic symptoms.

Atroplus

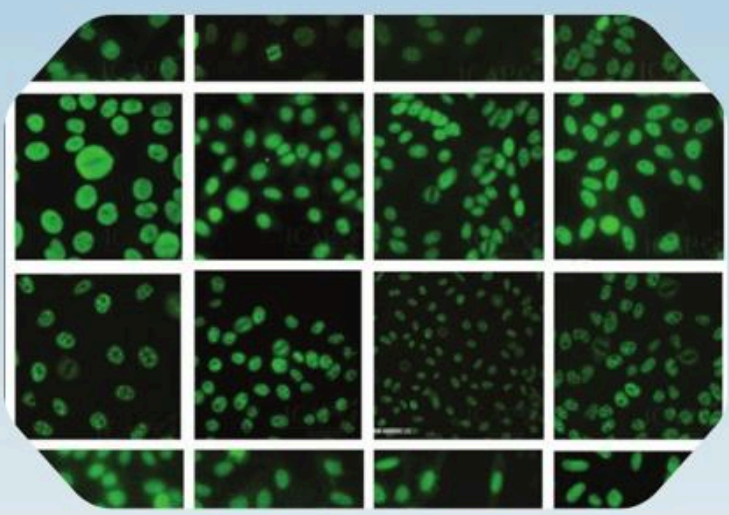

MADE IN ITALY

A topical gel for local application to affected joints, offering targeted, non-systemic support for joint comfort.

About Movewell Center

MOVEWELL is a specialized medical center focused on expert care in rheumatology and physiotherapy. We provide comprehensive clinical evaluations, and individualized therapy plans to help patients restore mobility, relieve pain, and improve overall function, all in a supportive and professional environment.

Center's Departments

- **Rheumatology Department**
  Led by a board-certified rheumatologist.
- **Physiotherapy & Rehabilitation Department**
  Headed by a board-certified doctor in rheumatology and physiotherapy, with support from a dedicated team of skilled physiotherapists.
